

# Coin Sorter — CS-300

## Coin Sorter

CS-300 has adapted the latest technology on the sorting of coins. Base on different coin's dimension, CS-300 can count and sort out the coins easily. It will compute the total value of counted coins accurately. Besides, it will memorize the present number of coins and you can look over the amount of coins in different denominations. CS-300 provides two different color: White or Black.

## CS-300

CS-300 has included 8 slots for carrying the coins. Besides the slots, you can choose the optional Coin Tubes that is newly designed for EURO coins. With optional coin tubes, you can sort the coins into paper coin tubes with fix amount. It is suitable for all money handling markets — retail shops, hotels, banks, etc.
